Department Mission: To serve all the veterans of Milwaukee County and their families with dignity and compassion by providing prompt and courteous assistance in the preparation and submission of claims for benefits to which they may be entitled and to serve as their principal advocate on veterans related issues.

Department Description: To assist veterans and their families in determining eligibility for the full range of State and Federal veteran's benefits. As part of this process, employees obtain and screen source documents, identify eligible programs, and facilitate the application process. Complimentary services are regularly provided by supportive governmental and public agencies onsite, such as VA Vet Center, Marquette Volunteer Legal Clinic, WI Department of Workforce Development (DWD), Office of Veterans Employment Services, WI Department of Health Services (DHS), FoodShare/Medicaid Specialists, and Milwaukee Child Support Services. Throughout the year, briefings and seminars are conducted at public venues to increase the awareness of veterans programs and benefits.

*Federal applications are approved at a lower rate than state applications because more applications are made by ineligible veterans due to the higher value of the federal benefits (e.g., health care, discharge upgrades). Applicants request assistance in filing even if the likelihood of approval is small or non-existent, because of the value of an approval. For example, most "other than honorable" discharges are never upgraded – the success rate on requests is less than 10%. But, if the discharge is upgraded, the veteran becomes eligible for a wide array of veteran's benefits.

Strategic Overview: The over-arching strategic goal of the department is to create a greater awareness among the county veterans' population and their dependents of potential eligibility for the full range of state and federal benefits. In an era of declining veteran populations, the department strives to reach a larger portion of its target population through increased marketing (e.g., social media, mail and e-mail) and conducting of outreach events (e.g. seminars, speeches, and informational booths at public events). Greater population reached translates to more veterans and their families accessing their veteran's benefits.

Strategic Implementation: The Department will continue to provide quality services to Milwaukee County Veterans and their families through outreach programs, which will include briefings and benefit seminars at local military units, veteran's organizations, independent/assisted living facilities, and other public venues.

Newly gained access to State of Wisconsin data on service members returning from active duty allows the county veterans service office to mail hundreds of post cards each year, notifying returning veterans of eligibility for veteran's benefits.
